Dear Sir:

15 In response to the Office Action dated July 16, 2003 ("Office Action"), please amend the above-identified application as follows:

IN THE SPECIFICATION

1. On Page 13, lines 11-20 of the specification as filed, please amend the text as follows:

--Referring now to Figure 2a, one specific embodiment of the general method of Figure 2 is described. In this embodiment, certain steps of the method depicted in Figure 2 are separated into constituent parts for illustration purposes. For example, step 102 of Figure 2 is separated into an interactive ("Wizard") ("wizard") component and a hierarchy generator ("hiergen") component (not shown). The interactive component of step 102 provides substantially all of the direct user interaction control. Through a series of questions answered by the user, the program selects the relevant design elements necessary to realize the user's
